

21st Century Classroom Upgrades Project

2018 Summary Report | Year 1

Overview:

HACC, Central Pennsylvania’s Community College, has made classroom design and technology a top priority, with the president’s Cabinet approving a proposal on Oct. 3, 2017 to renovate 206 traditional classrooms (collegewide) over a seven-year period. HACC has a total of 416 rooms in which teaching and learning is delivered and achieved. These rooms are further divided into traditional classrooms (225) and specialty learning labs (191). Cabinet requested that facilities upgrades to the classrooms be completed as part of the project. This project will repurpose many traditional classrooms for use as presentation and collaboration classrooms. Cost estimates and confirmation of whether the work will be completed internally or outsourced will be determined throughout the project. Cost projections place the funding required to complete the seven-year project at approximately \$6 million.

As of 12/31/2018 – Classrooms Upgraded:

	Campus	Room Number	Room Type
1	Harrisburg	Evans 107	Presentation
2	Harrisburg	Hall Tech 222	Presentation
3	Harrisburg	Whitaker 215	Presentation
4	Harrisburg	Arts 116	Presentation
5	Harrisburg	Arts 206	Presentation
6	Harrisburg	Arts 210	Presentation
7	Harrisburg	Blocker 136	Presentation
8	Harrisburg	Blocker 137	Presentation
9	Lancaster	East 330	Presentation
10	Lancaster	East 326	Presentation
11	Lancaster	Main 330	Presentation
12	Lancaster	East 347	Collaboration
13	Lancaster	East 213	Presentation
14	Lancaster	Main 329	Presentation
15	Gettysburg	G-146	Presentation
16	Gettysburg	G-139	Presentation
17	York	Leader 119	Presentation
18	York	Leader 139	Presentation
19	York	Goodling 105	Presentation
20	York	Cytec 107	Presentation
21	Lebanon	302	Presentation
22	Lebanon	212	Presentation
23	Lebanon	308	Collaboration
